WHO ARE PLYSOLENE?

Plysolene, with more than four decades of experience in manufacturing thermoplastic sheets, stands as a leading extruder in the United Kingdom, specialising in HIPS, ABS, and specialty polyolefins - all crafted with pride in the UK.

Plysolene has established itself as one of the key players in the UK Plastics manufacturing industry by providing adaptable production options to meet every customer's requirements. Plysolene are capable of producing any size and colour, with a minimum production order quantity of 500kg, and for smaller orders we have our Off-the-Shelf range. Plysolene has become the preferred choice for many, to find out why, contact us to find out more.

In addition to further meet our customers' requirements we now pride ourselves on offering a high-quality Off-The-Shelf service giving customers access to orders below 500kg, direct from our stock holding and cut-to-size facility.

With no minimum order quantity, you can order complete sheets or bespoke cut sizes of ABS, HIPS and PTEG. Produced to our high-quality standards and dispatched with rapid delivery options.

At Plysolene, we believe in great customer service. To achieve this, we strive to exceed our customer expectations and challenge ourselves to set ever higher standards through our program of continuous investment and improvement. Central to this are our people and their communication, understanding, interaction, attention to detail and listening to the needs of our customers.
